PROFESSIONAL SUMMARY

My name is Xolani and I reside in Cape Town great to meet you.
I am a motivated and adaptable individual who is committed to continuous learning, teamwork, and personal development. My passion for web design and problem-solving drives me to create functional, user-focused digital experiences. Using the experience I have gained in the retail environment, I ensure adaptability, excellent customer care, and a strong willingness to learn and improve to boost my career. I am actively building experience to compete in the global market, with a focus on using structured methodologies to analyze challenges and deliver effective solutions. I am eager to contribute to dynamic teams and grow within innovative, forward-thinking environments.

PROFESSIONAL EXPERIENCE

TFG (The Fix), Claremont

August 2023–May 2024

Fashion Assistant

I have a year's experience in the retail industry, where I developed strong customer service and problem-solving skills. In my role as a sales associate/ fashion assistant, I excelled in understanding customer needs, managing transactions as a teller, and maintaining stock. This experience taught me the importance of effective communication and the ability to work in a fast-paced environment.

- **Customer care**, Handling customer inquiries and complaints professionally. Creating experiences for customers, Communication, Explaining products, services, and policies clearly to customers
- **Team Work**, collaborating with others. Trading places for coworker during busy hours or store events
- **Sales**, Product recommendation, Meeting sale target & KPIs
- **Adaptability**, Adjusting to changes in store layouts, promotions and policies. Learn new systems
- **Cash Handling**, Operating registers, card machines and handling refunds
- **Merchandising**, arranging displays to attract customers
- **Conflict Resolution**, dealing with difficult customer and colleagues

The Unlimited, Cape Town

August 2024–October 2024

Insurance Salesman

- **Goal Orientation**, Working under sales targets or quotas. Managing time and energy toward high-priority leads
- **Sales Pitching**, Craft compelling arguments that match customer needs. Explaining complex insurance products in simple terms
- **Negotiation**, Handling objections and turning “maybes” into yes. Find win-win outcomes with customers
-
